

2017 ANNUAL REPORT

ONE VOICE UNITED

LETTER FROM THE 2018 ADPAC CHAIRMAN

On behalf of the American Dental Political Action Committee (ADPAC), I am pleased to present the 2017 Annual Report.

This report tells a great story about the power of our political engagement efforts. Inside you will find 2017 financial highlights, including receipts, disbursements and participation, 2017 legislative accomplishments and ongoing legislative priorities for dentistry, an overview of ADA's grassroots program and more.

The PAC serves as a platform to increase ADA's presence with lawmakers on Capitol Hill. Our mission is to continue bettering the lives of our patients and members. One way we were able to achieve this was through the unveiling of the ADA House.

The House was purchased to give ADA members an exclusive opportunity for political engagement when visiting our nation's capital. Individuals were able to leave their mark by purchasing personalized bricks, which will be laid on the front and back patios. Funds raised from the brick campaign will go toward future renovations and upkeep for the ADA House.

All of these functions are important, but if we are not raising the money we are not able to carry on other functions. Because of the generous financial support of our members, we've been able to help educate and elect thousands of candidates across the country who want to make a difference. Thank you!

If you have any questions or would like additional information about ADPAC or this 2017 Annual Report, please contact Sarah Milligan, ADPAC Director, at milligans@ada.org or 202.789.5171.

Sincerely,
Dr. Gerald W. Bird
Cocoa, FL

Though all committees perform important work, only certain committees have jurisdiction over health care, dentistry, taxation, small business and other issues. Below are committees that are key to dentistry.

HOUSE COMMITTEES

KEY HOUSE COMMITTEES

Committee

Energy and Commerce
 Ways and Means
 Appropriations
 Education and Workforce
 Oversight and Government Reform
 Judiciary

Jurisdiction

Health care issues
 Taxation
 Programmatic funding
 Student and labor issues
 Student issues
 Insurance Antitrust

Range of Contribution (per election)

\$3,000 - \$5,000
 \$3,000 - \$5,000
 \$3,000 - \$5,000
 \$2,000 - \$5,000
 \$2,000 - \$5,000
 \$2,000 - \$5,000

SECONDARY HOUSE COMMITTEES

Committee

Armed Services
 Budget
 Rules
 Veteran Affairs
 Science and Technology
 Small Business

Jurisdiction

Military dental health system
 Programmatic spending
 Determines bills for voting
 Veteran health system
 Health-related technology
 Small business issues

Range of Contribution (per election)

\$2,000 - \$2,500
 \$1,500 - \$2,500
 \$1,500 - \$2,500
 \$1,500 - \$2,500
 \$1,500 - \$2,500
 \$1,500 - \$2,500

SENATE COMMITTEES

Priority committees for dentistry in the Senate are Finance, Health, Education, Labor, Pensions (HELP) and Appropriations. All Senators are eligible for a maximum contribution to both their primary and general election funds and leadership PACs when they are not up for re-election.

No contribution is made without the approval of the Constituent Society. Contribution requests are sent to and must be approved by the constituent society Executive Director, the Member of Congress' Action Team Leader and the ADPAC Board member representing the state.

CONTRIBUTION LIMITS

Contributor	Limit	Recipient
ADPAC	\$5,000 per election	Candidates
ADPAC	\$5,000 per calendar year	Other PACs
ADPAC	\$15,000 per calendar year	Party Committees
Eligible Individuals	\$5,400 per couple per election	Candidates

The Federal Election Commission (FEC) sets limits for PAC and individual giving, varied based on the recipient(s) of the contribution.

ADPAC PHILOSOPHY OF GIVING

ADPAC considers many factors before contributing to a candidate for U.S. House or U.S. Senate. Among these are committee assignments, accessibility in Washington and in the state/district, leadership positions and interest in oral health and dental issues. No incumbent or candidate is entitled to receive funds. States may always choose not to give to an incumbent.

HOW WE STACK UP

COMPETITOR COMPARISON: 2017 RECEIPTS

STATE DENTIST LEGISLATOR TRACKING

In 2014, ADPAC began tracking dental legislators on the state level to provide financial assistance when certain criteria are met and state law allows.

ADPAC CRITERIA FOR GIVING TO STATE CANDIDATES:

1. Candidate must be a member of the ADA.
2. Candidate must receive full financial support from their state PAC.
3. Candidate should have financial support from local dentists.
4. Candidate must receive support of the state Executive Director, President, and PAC Chair.
5. No more than \$1,000 may be spent on a candidate in an election cycle (election cycles include primary, run-offs, and general elections).
6. These rules apply to dentists running at the state level, for their state legislature or a statewide office.
7. No support will be given if it is prohibited by state law or in instances where the state law makes Federal PAC giving too cumbersome.

There are now 20 state legislators who are dentists. Dental candidates supported by ADPAC at the state level include:

Alabama

Sen. Paul Bussman

Arizona

Rep. Regina Cobb

Arkansas

Rep. Deborah Ferguson

California

Assm. Jim Wood

Georgia

*Sen. Lester Jackson
Sen. B. Lee Hawkins*

Indiana

Rep. Denny Zent

New Jersey

*Sen. Gerald Cardinale
Sen. Joseph Pennacchio
Sen. Jefferson Van Drew*

North Carolina

*Sen. Jim Davis
Rep. Bert Jones*

Oregon

*Sen. Fred Girod
Rep. Cedric Ross Hayden*

South Dakota

Sen. Les Heinemann

Tennessee

Rep. Bob Ramsey

Utah

*Sen. Pete Knudson
Sen. Allen Christensen*

Virginia

Del Todd Pillion

Washington

Rep. Michelle Caldier

GRASSROOTS ADVOCACY

Engage:

Since its launch in October of 2013, ADA Engage has been our primary platform for advocacy and member engagement on the state and federal levels. ADA Engage allows our members to advocate our issues directly to their elected leaders. Over the course of the last year we have steadily increased enrollment and participation. The key things to note about ADA Engage include:

ADA Engage
Legislative Action Center

- ✓ In 2017 **18,942 letters** were sent to Members of Congress.
- ✓ **5,918 dental advocates** took action on at least one issue this year.
- ✓ The ADA's Grassroots program added **3,306 new advocates**.

Advocacy at America's Dental Meeting:

This year at America's Dental Meeting our advocacy was focused on encouraging members to sign up for our Engage Action Network. Our advocacy booth provided hand outs on best practices for enrolling in Engage as well as tips for meeting and engaging with your Members of Congress.

Campaign School:

Each year, ADPAC, along with other health organizations, hosts a campaign school for members who are planning on, or thinking of, running for office. Campaign school is designed to show participants what it takes to run a successful campaign for any level of office.

In 2017, ADA members made up a large contingent of attendees with seven dentists.

DENTISTS IN CONGRESS

Congressman Mike Simpson, D.M.D (ID-02)

AMERICAN DENTAL ASSOCIATION INDEPENDENT EXPENDITURES (IEs)

The Code of Federal Regulations defined an independent expenditure as an expenditure for a communication “expressly advocating the election or defeat of a clearly identified candidate that is not made in cooperation, consultation, or concert with, or at the request or suggestion of, a candidate, a candidate’s authorized committee, or their agents, or a political party or its agents.”

ADPAC has engaged in Independent Expenditures for dentists running for office since 2010.

LEGISLATIVE ACCOMPLISHMENTS AND PRIORITIES

As a political action committee, ADPAC does not lobby. However, it does play a critical role in supporting the ADA's direct advocacy efforts by helping to elect candidates who understand dentistry, recognize the importance of oral health, and are responsive to the dentists in their home districts. ADPAC also provides funding and logistical support to the ADA Grassroots Action Teams, thousands of dentists who hand-carry the profession's message to lawmakers, both in Washington and at home. With ADPAC's backing, the ADA has in the past year achieved a number of legislative accomplishments, while other priorities are ongoing.

FOR YOUR DENTAL PRACTICE

Medicare Regulations: The ADA worked with the Centers for Medicare and Medicaid Services (CMS) to reverse the enrollment requirements for dentists under Medicare Part D and Part C (Medicare Advantage). In November, CMS issued a proposed rule that would remove the Medicare Part D enrollment requirement for dentists and rescind the enrollment requirement for dentists to provide supplemental services to patients enrolled in Part C. The ADA believes this is good for patients because more dentists will likely enroll in these insurance programs without the duplicate paperwork requirements. The rule will be finalized in 2018.

McCarran-Ferguson Reform: The ADA worked with the House of Representatives to amend the McCarran-Ferguson Act and pass HR 372, the Competitive Health Insurance Reform Act of 2017, on March 22 by a vote of 416-7. The bill would amend the McCarran-Ferguson Act to authorize the Federal Trade Commission and the Justice Department to enforce federal antitrust laws against health insurance companies. The ADA continues to work to secure a Senate sponsor for a companion bill to H.R. 372. Find out more at **ADA.org/MCF**.

FOR THE DENTAL PROFESSION

Federal Tax Reform: The ADA successfully advocated to ensure the dental profession will benefit from the tax reform law that Congress enacted at the end of 2017. The ADA believes the following provisions will positively affect a majority of dental practices:

- Improving the cash accounting allowance by allowing corporations and partnerships with corporate partners with average gross receipts up to \$25 million to use cash accounting. This would also allow farm corporations and partnerships with gross receipts of up to \$25 million to use cash accounting. Eligible businesses could use cash accounting even if they had inventories.

- Improving section 179 expensing by expanding businesses' ability to immediately expense some of the costs of qualifying property such as off-the-

shelf computer software and some real property. Currently \$500,000 can be expensed unless more than \$2 million in property is bought. Under the final tax bill, as much as \$1 million could be expensed and expensing would be expanded to include furniture, as well as nonresidential roofs, heating and air conditioning systems, and fire and alarm systems.

- Retaining the student loan interest deduction at its current levels. The bill did not include a tax on tuition waivers that graduate students receive from education institutions as income; previous versions

of the tax bill had repealed this deduction and proposed a tuition waiver tax for graduate students.

- The ADA worked to ensure that dental practices were included in the first-ever deduction for all pass-through entities, including S Corporations and sole proprietorships. It would only be fully available for service businesses with income of \$157,500 or less for individual filers or \$315,000 for joint/married filers and would phase out for incomes greater than those thresholds.

Indian Health Service: The ADA remains committed to increasing access to dental services for tribal populations. On June 13, ADA President-elect Joseph Crowley testified before the Senate Indian Affairs Committee in support of the "medical credentialing system" provision of S. 1250 — the "Restoring Accountability in the Indian Health Service Act of 2017" bill. 2017 Lobbying Accomplishments/Activities. That provision calls for the Indian Health Service (IHS) to implement a centralized system to credential licensed health care professionals who seek to provide health care services at any IHS facility. On June 21, the ADA submitted a statement for the record to the House Subcommittee on Indian, Insular and Alaska Native Affairs, Committee on Natural Resources, in support of H.R. 2662, the companion bill for S. 1250.

Appropriations for Federal Dental Programs: The ADA advocated for increased funding for federal dental programs and on September 14, the House passed an omnibus spending package for fiscal year 2018. The package includes: \$432 million (\$7 million increase) for the National Institute of Dental and Craniofacial Research (NIDCR); \$186 million (\$3 million increase) for the Indian Health Service's oral health program; and \$32.8 million (\$2.5 million increase) for Area Health Education Centers (AHEC) that support programs to help patients find treatment outside of hospital emergency rooms. Committee report language encouraged the Health Resources and Services Administration to work with state dental associations with regard to patient referral programs, supporting a key initiative in the ADA's Action for Dental Health program.

FOR YOUR PATIENTS AND THE PUBLIC

Health Care Reform: Congress failed to pass a health care reform bill in 2017 but the ADA maintained strong opposition to the proposed changes to Medicaid that would have negatively impacted access to dental services. This included opposing efforts to change Medicaid into a federal block grant program. ADA Letters and Action Alerts on Health Care Reform are available at **[ADA.org/healthreform](https://ada.org/healthreform)**.

Action for Dental Health Bill: On June 29, the House's Energy and Commerce's Subcommittee on Health unanimously passed the Action for Dental Health Act of 2017. The bill, H.R. 2422, was introduced by Rep. Robin Kelly, D-Ill., and Rep. Mike Simpson, R-Idaho, and calls for Congress to authorize additional oral health promotion and disease prevention programs. On May 17, Dr. Cheryl D. Watson-Lowry testified on behalf of the ADA's Action for Dental Health initiative during the subcommittee's hearing on the bill.

EPA: Numerous interactions with senior Environmental Protection Agency (EPA) staff culminated in a June 22 meeting with ADA president-elect, Dr. Crowley, and EPA officials to discuss the agency's rule governing discharges of amalgam waste into municipal water systems. The rule had been in a precarious state since Jan. 20, when it was withdrawn in accordance with a White House memorandum. The final rule, which the EPA published in June, closely follows the ADA's best management practices for amalgam waste and meets the nine principles established by the ADA House of Delegates as a condition for supporting a national rule. Find out more at **[ADA.org/recycleamalgam](https://ada.org/recycleamalgam)**.

Non-Covered Services: The Dental and Optometric Care Access Act or the "DOC Access Act" (H.R. 1606) was introduced in the 115th Congress by Rep. Earl "Buddy" Carter of Georgia. This non-covered services bill prohibits all health plans offering a dental or vision benefit from dictating what a doctor may charge a plan enrollee for items or services not covered by the plan.

CHIP: The ADA remains engaged with the oral health community in asking Congress to take action to reauthorize the Children's Health Insurance Program (CHIP) for at least 5 years. CHIP is a critical safety net for American children who do not qualify for Medicaid, but whose families would struggle to afford private coverage, particularly dental coverage. The ADA has joined with the Organized Dentistry Coalition and numerous other stakeholder groups in this effort.

Find out more at **[ADA.org/CHIP](https://ada.org/CHIP)**.

Opioid Abuse: The ADA continues to be proactive on opioids awareness by providing statements for congressional hearings, responding to requests from individual members of Congress, and commenting on a range of federal proposals and requests for information about dentistry's role in preventing opioid abuse. For example, the ADA helped convince the FDA to institute a prescriber education and outreach strategy to deal with the category of short acting opioids that dentists sometimes prescribe for acute pain. The ADA is pressing the CDC and other agencies to also elevate the management of acute pain into their prescriber education and outreach activities. The ADA has also worked with the Partnership for Drug-Free Kids and other groups to raise prescriber awareness of the opioid crisis and promote more judicious prescribing of opioid pain relievers.

ADA.org/ADPAC

ADPAC is a federally registered political committee and the contributions it receives are used to support federal candidates and committees. Contributions to ADPAC are voluntary and any person has the right to refuse to contribute without reprisal. The contribution guidelines are merely suggestions and a person may contribute more, less or not at all without concern of favor or disadvantage by the ADA. Corporate donations will not be used by ADPAC for contributions but will be used exclusively to pay for the administrative and operating expenses for ADPAC or related political activity. Contributions are not deductible as charitable contributions for federal tax purposes. Federal law requires ADPAC to request the name, address, occupation, and employer for each person whose contributions exceed two hundred dollars (\$200.00) in a calendar year.
