Stay in the “Loupe” Scavenger Hunt

How well do you know ASDA’ advocacy resources? Use the clues below to check out ways to advocate and stay up to date on important issues impacting dental students. All clues can be found on ASDA’s website or in your email inbox. The clues unlock a total of five points in the Advocacy Certificate Program—enough to earn your certificate and secure 10 points in the Chapter Challenge! Enter each code in the ACP by Monday, Nov. 30.

Questions? Email advocacydept@asdanet.org.

1. **Make your voice heard.** Advocacy is more powerful when individual voices come together. Find ASDA’s tool for contacting lawmakers about issues affecting dental students and patients to uncover the hidden code.

2. **How do you advocate?** Advocacy looks different for everyone. Explore the program that turns actions like contacting legislators, attending events and getting involved with organized dentistry into advocacy challenges to find your next code. (Hint: You can submit your code at the same time!)

3. **Know what ASDA stands for.** ASDA’s advocacy priorities are shaped by its members. Find your next code with the most vital issues to dental students now.

4. **Stronger together.** Advocates are stronger when they work together. Find the next hidden code where ASDA collaborates with other organizations to advocate for emerging issues affecting dentistry.

5. **Stay in the “Loupe.”** Effective advocacy starts with understanding the issues. Check your inbox on Thursday, Nov. 12 to find the last hidden code in ASDA’s monthly newsletter that keeps members informed about advocacy developments affecting dental students and the profession.
