RESOLUTION

Resolved, that the Current Statements of Position or Policy F-1 Tuition Increase Control be amended as follows:

The American Student Dental Association encourages the administrations of all U.S. CODA-accredited dental schools to develop, ~~and~~ utilize, **and distribute** an estimated costs increase statement for incoming and existing students. In the event that an unresolved dispute over tuition arises involving a dental school and its students, the association will request the school to substantiate the tuition increase.

All U.S. CODA-accredited dental schools should annually review and update its estimated cost of attendance to ensure it accurately reflects actual cost of attendance. This figure should include cost of living expenses, all mandatory clinical equipment, and required program fees.
