Subject: Important News from the Board
Date: Saturday, May 30, 2020 5:12:26 PM

Dear Licensee:

Because of events that transpired yesterday, the Board made important decisions at today's meeting, which meeting was originally intended to cover only approval of recent UAB graduates' license applications. Now through May 31, 2021, the Board will accept clinical typodont manikin examinations.

The Board also amended its return-to-practice opinion on CDC guidance to allow aerosol-generating hygiene procedures under specified conditions. Please review the Board's amended [protocol](#) concerning hygiene as there are very specific requirements.

The [summary](#) of the meeting with full details is posted on our home page.

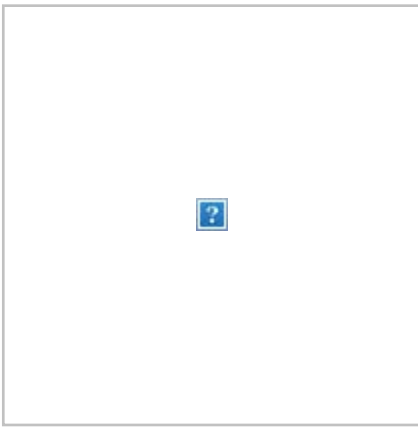

Sincerely,
Board of Dental Examiners of Alabama
