

# UCSF ASDA FEVER MONTH

## Committee Speed Dating (virtual)

We kicked off the Fall quarter by welcoming D1/IDPs over zoom & introducing them to ASDA, one of UCSF's largest campus orgs. Attendees joined any of 12 breakout rooms, where each committee chair answered Qs & shared how their roles contribute to the success of our team.

## DIY Bracelet & Phone Charms (in-person)

What better way to start ASDA Fever Month than with a DIY event to bring an ASDA souvenir back home with you? Students made their own bracelets and phone charms to wear around campus. The activity provides an ASDA bonding experience without overloading students on ASDA information and encourages students to continue attending future ASDA events!

## Advocacy Tuesday (in-person)

Advocacy and IDP Committee teamed up to deliver an informative presentation on important advocacy topics that ASDA champions such as the REDI Act and licensure reform. To top it off, 30 students participated in jeopardy to test their knowledge on ASDA's policies and positions.

## Diversity Thursday (in-person)

UCSF ASDA celebrated National Diversity by providing Argentinian empanadas and Ethiopian sambussa, while students scratched off their cultural origins on a world map. Students saw in real time as they colored in the beauty of diversity through our student body.

## Vendor Fair (in-person)

It's that time of year again for our member-exclusive Vendor Fair! Members networked with dental representatives while learning about different opportunities, with chances to win some cool prizes!

## Social Media Challenge (virtual)

To keep the ASDA spirit rolling, the ASDA Communications team initiated a social media challenge for new and current members to learn more about one another through their IG Story posts. Participants were entered into a raffle for some of our exclusive, vintage ASDA T-shirts!

## Conferences Info Session (virtual)

Networking? Professional Development? Meeting students outside school? Get pumped cause ASDA Conferences come with all these perks! ASDA Exec hosted a Zoom info session for students to cover what each of the 4 conferences has to offer and the opportunities it comes with.

## Member Monday (in-person)

ASDA who? See our name hosting fun events but don't know what we do? New D1s & IDPs joined us as we introduced them to ASDA through 8 interactive booths, each covering different topics such as membership benefits/dues, board apps, district, etc. Attendance was record high with more than 2/3 of the D1 class present!

## Wellness Walk (in-person)

The sun's out in SF! A mindful walk through Golden Gate Park not only enhances our physical health, but also releases stress, connects us with nature, and encourages a deeper state of mindfulness.

## MedPro D4/ID4 Social (in-person)

Since D4s are starting to prepare for graduation, we hosted a dinner-and-learn sponsored by MedPro for attendees to learn about malpractice insurance. It's important for our members to understand the different career services they need before entering the dental workforce.

## Tote Bag Friday (in-person)

Membership definitely has benefits! UCSF ASDA handed out 50 reusable tote bags in many colorful patterns and designs to both reward current members and encourage those considering ASDA membership to officially enroll.

## Kayaking (in-person)

As a bonus event, ASDA wellness hosted a kayaking event partnered with UCSF Outdoor Programs. From Mission Creek to the famous McCovey Cove, students enjoyed the panoramic views of the SF Bay, Bay Bridge, and Treasure Island.
