## Now THAT's What I Call ASDA Vol. 2 0 1 8

What is THAT thing about our chapter that makes us special?

What is THAT thing which sets us apart and above?

What is THAT undeniable difference at South Carolina ASDA that binds us together?

I asked myself this at the beginning of 2018 and the answer came simply. Our "people" in Charleston are extraordinary. THAT is what makes South Carolina ASDA special, sets us apart, and binds us together. When students, school administration, and our Executive Committee are united, we are unstoppable.

One objective this year has been to align our goals with the goals of ASDA's Strategic Plan.

1. **Develop a standardized leadership training and transition program for chapter and district leaders.**

How we as South Carolina ASDA are attaining this goal:

- a. Updating, using, and creating new chapter transition documents for major leadership positions
- b. Hosting our leadership retreat as early as possible to incorporate new leaders quickly

2. **Evaluate current business model and develop strategies to achieve financial organizational sustainability.**

How we as South Carolina ASDA are attaining this goal:

- a. Creating a financial handbook to easily transition our Treasurer
- b. Presenting each leader's budget early and continuing to remind them about it throughout the year
- c. Rolling over our 12% contingency budget for emergencies and peace of mind

3. **Evaluate current member benefits and recommend changes to increase member value.**

How we as South Carolina ASDA are attaining this goal:

- a. Keeping our chapter's app updated, while also changing and adapting to fit our students' needs (wellness portions added, making our materials handbook accessible, etc.)
- b. Talking to new students early and instilling the importance of organized dentistry during their second week of school during Welcome Week
- c. Gathering data/requests from each class to see what initiatives ASDA can assist with during the year

4. **Develop a plan and promote the value of ASDA to dental school administrators to increase support of student involvement.**

How we as South Carolina ASDA are attaining this goal:

- a. Attending bi-monthly student leaders meetings with school administration and presenting updated information about what our organization is doing
- b. Communicating early with administrators about events and activities planned so that faculty can be included early and events can be approved in a timely manner

We are proud of our accomplishments this year, and I am so honored to have served with my friends and colleagues as the President of our Executive Committee. The leaders who came before me and teams who have led in the past gave us the foundation we need, and we have the intangible thing that keeps us together. Our students love each other and enjoy spending time together. Our faculty and staff strive to support us constantly. Our pre dental students enjoy learning from our successes and mistakes and feel comfortable seeking our guidance.

Because of those things, it was my goal to help our leaders celebrate the graduating seniors, quickly welcome the new class, and unite our student body as often as possible.

Bringing us back to the basics and bringing us continually together. **Now THAT'S What I Call ASDA Vol. 2018.**

# MEMBERSHIP ENGAGEMENT

## Encourages member involvement and has significant participation from members

- Our membership continues to be **100% (298 out of 298)** even though we are **not** an auto-enroll school. Because our administration feels that ASDA is critical for students' education and involvement in organized dentistry, all students are asked to join.
- **IMPROVED** We continue to update our South Carolina ASDA App (compatible with iPhone and Android) to help membership engagement. Newest updates include:
  - **NEW** Access to TORCH (our school's dental materials handbook)
  - **NEW** Addition of a "Wellness" tab where our members can find student discounts to nearby gyms and more
- **IMPROVED** We have **4** members serving on the District 4 ASDA leadership committee (increased from 2 members in 2017).

## Organizes events with the local and/or state dental society such as Signing Day to help fourth-year students transition to the ADA

- **IMPROVED** We hosted our second Signing Day for the South Carolina Dental Association (SCDA) and ADA at our Vendor Fair. ## Uses the following communication vehicles: class announcements, newsletter, bulletin boards, email, website, social media, etc.

## Pre-Dental Day Planning Guide

Created by Leanna Carlton; Edited by Nathan Ewoldt and Brian Kirk

Edited by Montana Housand (2017)

-Main contacts are Vanessa Daniels ([danielv1@musc.edu](mailto:danielv1@musc.edu)) on 3<sup>rd</sup> floor of classrooms and Pam Graule in SimLab → Also, need to get the approval from Dr. Cayouette on 5<sup>th</sup> floor (she is in charge of SimLab)

-Vanessa will help with ordering any materials you may need (gloves are all needed). Talk to her and Pam at least 2 months before to give them plenty of time to do inventory and order materials. I didn't have to pay for it this past year, but you will have to pay for

-Before placing an order, make sure you are allowed to place an order. I was not allowed to place an order until I was a member.

Pages to include:

- Intro page
- Deans page
- Oral Rehab Faculty
- Implant Faculty
- Removable Prosthodontics Faculty
- Periodontics Faculty
- Endodontics Faculty
- Pediatrics Faculty
- Orthodontics Faculty
- Oral Surgery Faculty
- Oral Diagnosis & Radiology Faculty
- Pathology Faculty

## Options for this year included:

- Francis Marion Hotel
- Gaillard Center

### **D4** Sign-up for the ADA and SCDA

Our Executive Committee hosted a day in February where D4 students could sign up to become members of the ADA and SCDA following graduation!

For the second year in a row, our Executive Committee focused on targeting each class's needs individually to best serve our members. Listed on this page are just some of the ways we gave back to our members in 2018!

### **D3** RELaxiUm

D4 students put together a presentation to teach D3 students how to use axiUm in the clinics! Included in this presentation was also "cheat sheets" to clinics and reminders about competency forms that students must complete every semester.

### **D2** RELaxiUm Maintenance Recall Edition

During lunch, 3rd and 4th year students hung around clinic to answer questions from D2 students who were about to treat their first patients! D3 and D4s would help them set up their axiUm charts and help walk them through each step of the procedure!

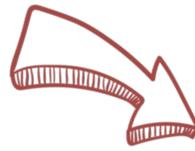

### **D1** ASDA Welcome Week Great West Insurance Sign-up

Welcome Week was focused on D1s to teach them about the mission and purpose of ASDA as well as explain the benefits of being a member! We had sessions for D1 students to take advantage of the free insurance Great West provides!

# SENIOR BANQUET

Senior banquet is everyone's favorite event year after year because it sends off our seniors in the best way we know how - with hilarious videos made by our classmates, a fancy dinner, and an award presentation!

Some of our favorite parts of senior banquet are the "tooth-time follies" videos, senior superlatives, a senior slideshow, presentation of SCDA scholarships, faculty awards, and an ASDA year in review presentation!

*Senior Banquet* 2018

at *The Gaillard Center*  
Friday, April 20th  
6:00-10:00 PM

"Golf tournaments for SC ASDA have notoriously been fun events that our chapter hosted in order to promote camaraderie between our students, faculty, staff, and alumni."  
- **Tompkins Ramey, Golf Tournament Chair**

This year, our golf tournament chair transitioned these events to serve as **fundraisers** for our chapter!

This year's Prophy Cup had **double** the participation compared to last year!

We had prizes donated from **7 businesses**, so minimal funds were used to purchase prizes.

In addition, we've consistently had **at least 3 sponsors** for each tournament, allowing us to keep the registration fees low and student friendly!

# WELCOME WEEK

## FRESHMAN WELCOME BBQ

Students and faculty gathered during the first week of school to celebrate the beginning of another year and to welcome our new D1 students! Koozies corresponding to the colors of each class's scrubs were given out!

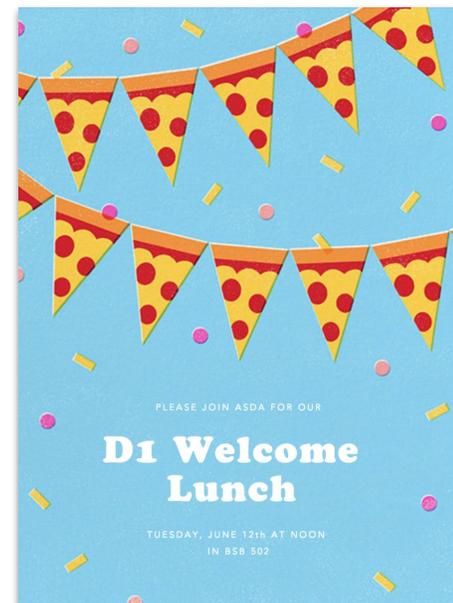

## ADVOCACY SCAVENGER HUNT

All classes participated in a virtual advocacy scavenger hunt on our SC ASDA App! Prizes were given randomly to students who participated!

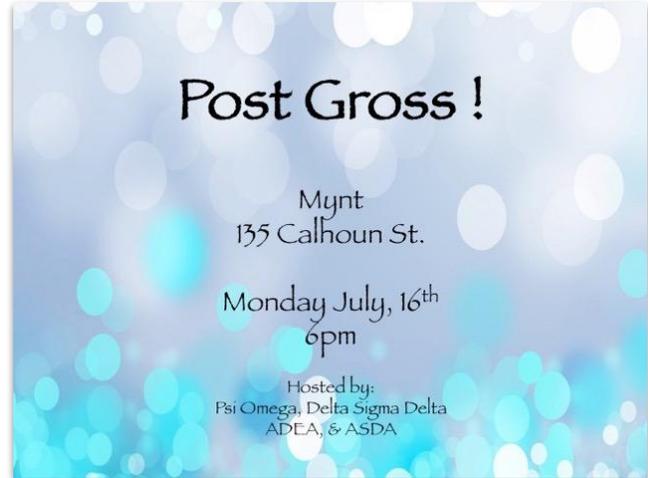

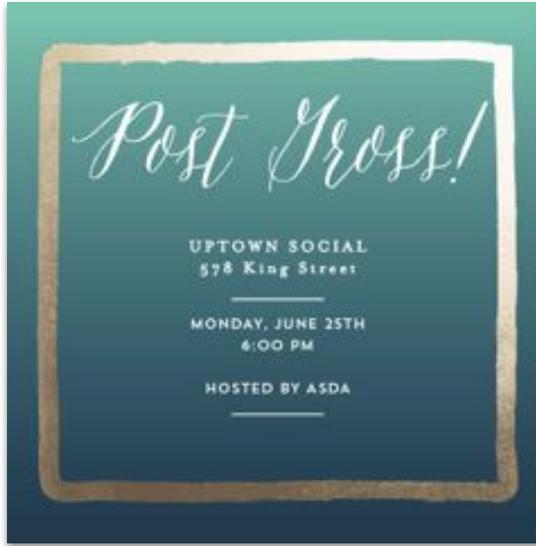

## D1 WELCOME LUNCH

D1 students were introduced to ASDA and all of the benefits it provides during a lunch and learn we held in the second week of school!

# POSTGROSS

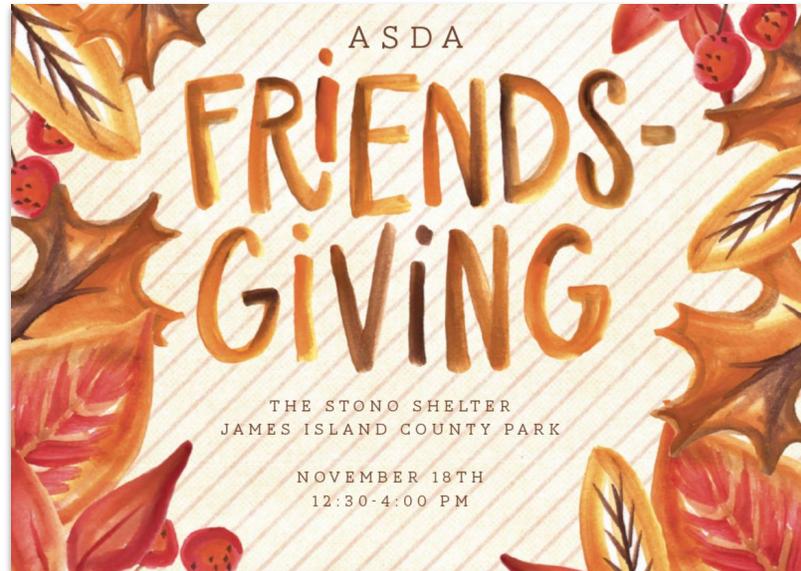

Each year, South Carolina ASDA hosts the first post gross of the summer! After each gross anatomy test, the school comes together to celebrate the end of a big study week for the D1s and to help promote unity among our school!

This year, ASDA also **co-sponsored** the second post gross of the year along with both dental fraternities and ADEA!

# FRIENDSGIVING

For the 7th year in a row, South Carolina ASDA hosted Friendsgiving and our annual Turkey Bowl football tournament! Each year, ASDA provides the turkeys and students bring Thanksgiving sides to share with fellow classmates and faculty. Following lunch, the classes participate in a friendly tournament of flag football! It's one of our favorite events we host year after year as it's a time for building our community and relaxing before finals week begins!

# NATIONAL CONFERENCES

## ANNUAL SESSION

"Experiencing my first Annual Session was truly magical, as I got to see the huge scope of ASDA on a national level. Interacting with dental students from other schools and watching the house of delegates discuss resolutions made me understand how important ASDA is as a unifying organization."

- Grace Eichler, Class of 2020

## NATIONAL LEADERSHIP CONFERENCE

"INLC is! An incredible opportunity to grow through fantastic speakers and peers. CE Credit, new friends from all over the country, boat parties and a weekend in Chicago - truly a "can't beat it" experience and why I attended 2 years in a row!"

- Tompkins Ramey, Class of 2020

"Through South Carolina ASDA, I have had the opportunity to give back to our local community while serving alongside my future colleagues. ASDA makes it really easy to get involved - they organize the events and then send out a google document for students to sign up. Our chapter does an awesome job of promoting events to students and gaining schoolwide support of truly valuable causes."

- **Kelsey Fierstein, Community Outreach Chair**

## LOW COUNTRY ORPHAN RELIEF

## CHARITY WELLNESS EVENT

## VETERAN'S DAY COOKIES

## HURRICANE FLORENCE VENMO DRIVE

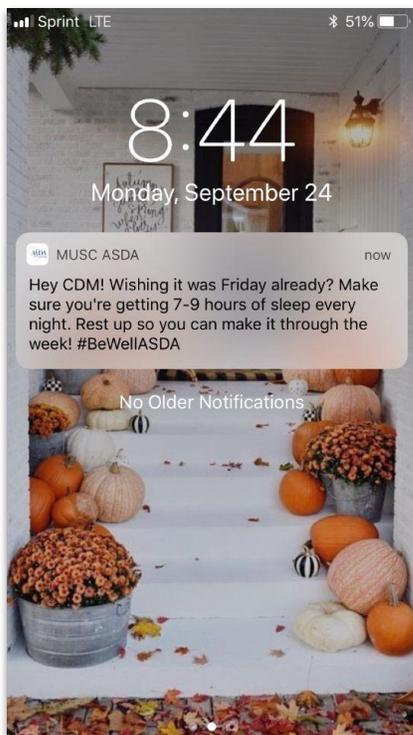

Our area experienced 2 hurricanes this season, one of which hit geographically very close to Charleston and is where many of our students call home. We gave back by starting a venmo drive where students could donate funds to New Directions in Myrtle Beach, SC.

**74 students donated - that's 25% of our student population!**

# WELLNESS WEEK

This year during wellness week, our Wellness Chair utilized push notifications through our South Carolina ASDA App! Listed below are the ones we sent out to students!

**Monday (8:45am)** Welcome back, CDM! While it may seem like a struggle to get back in gear after the Hurrucation, remind yourself how pumped you were when you first got accepted to dental school! #BeWellASDA

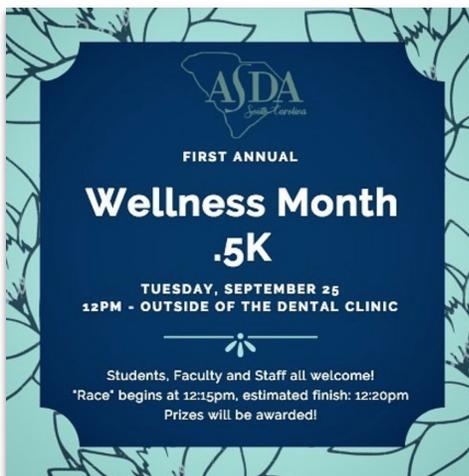

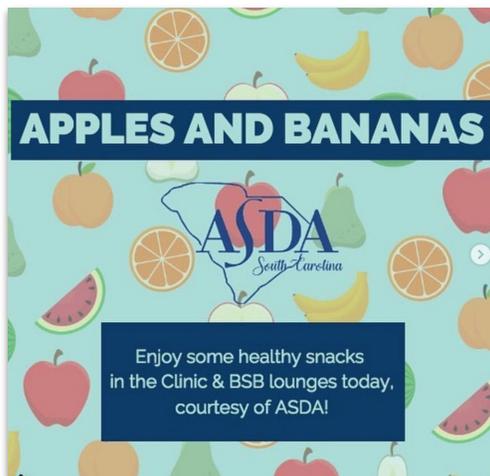

**Tuesday (12:30pm)** Don't have the energy to power through the afternoon? Hit a #powerpose for 20 seconds before heading into your 1pm class/appointment. #BeWellASDA

**Wednesday (9:45am)** Did You Know? MUSC students get FREE rentals on #HolySpokes bikes up to 60 minutes a day! #BeWellASDA

**Thursday (2pm)** Feeling that #ThirstyThursday? Make sure you're staying hydrated! Aim to drink between 3-4 liters of water per day! #BeWellASDA

**Friday (3:30pm)** Ready for the weekend? Be sure to plan some outdoor time to grab some fresh air and Vitamin D (bonus if you grab a great insta shot!) #BeWellASDA

# WELLNESS .5K RACE

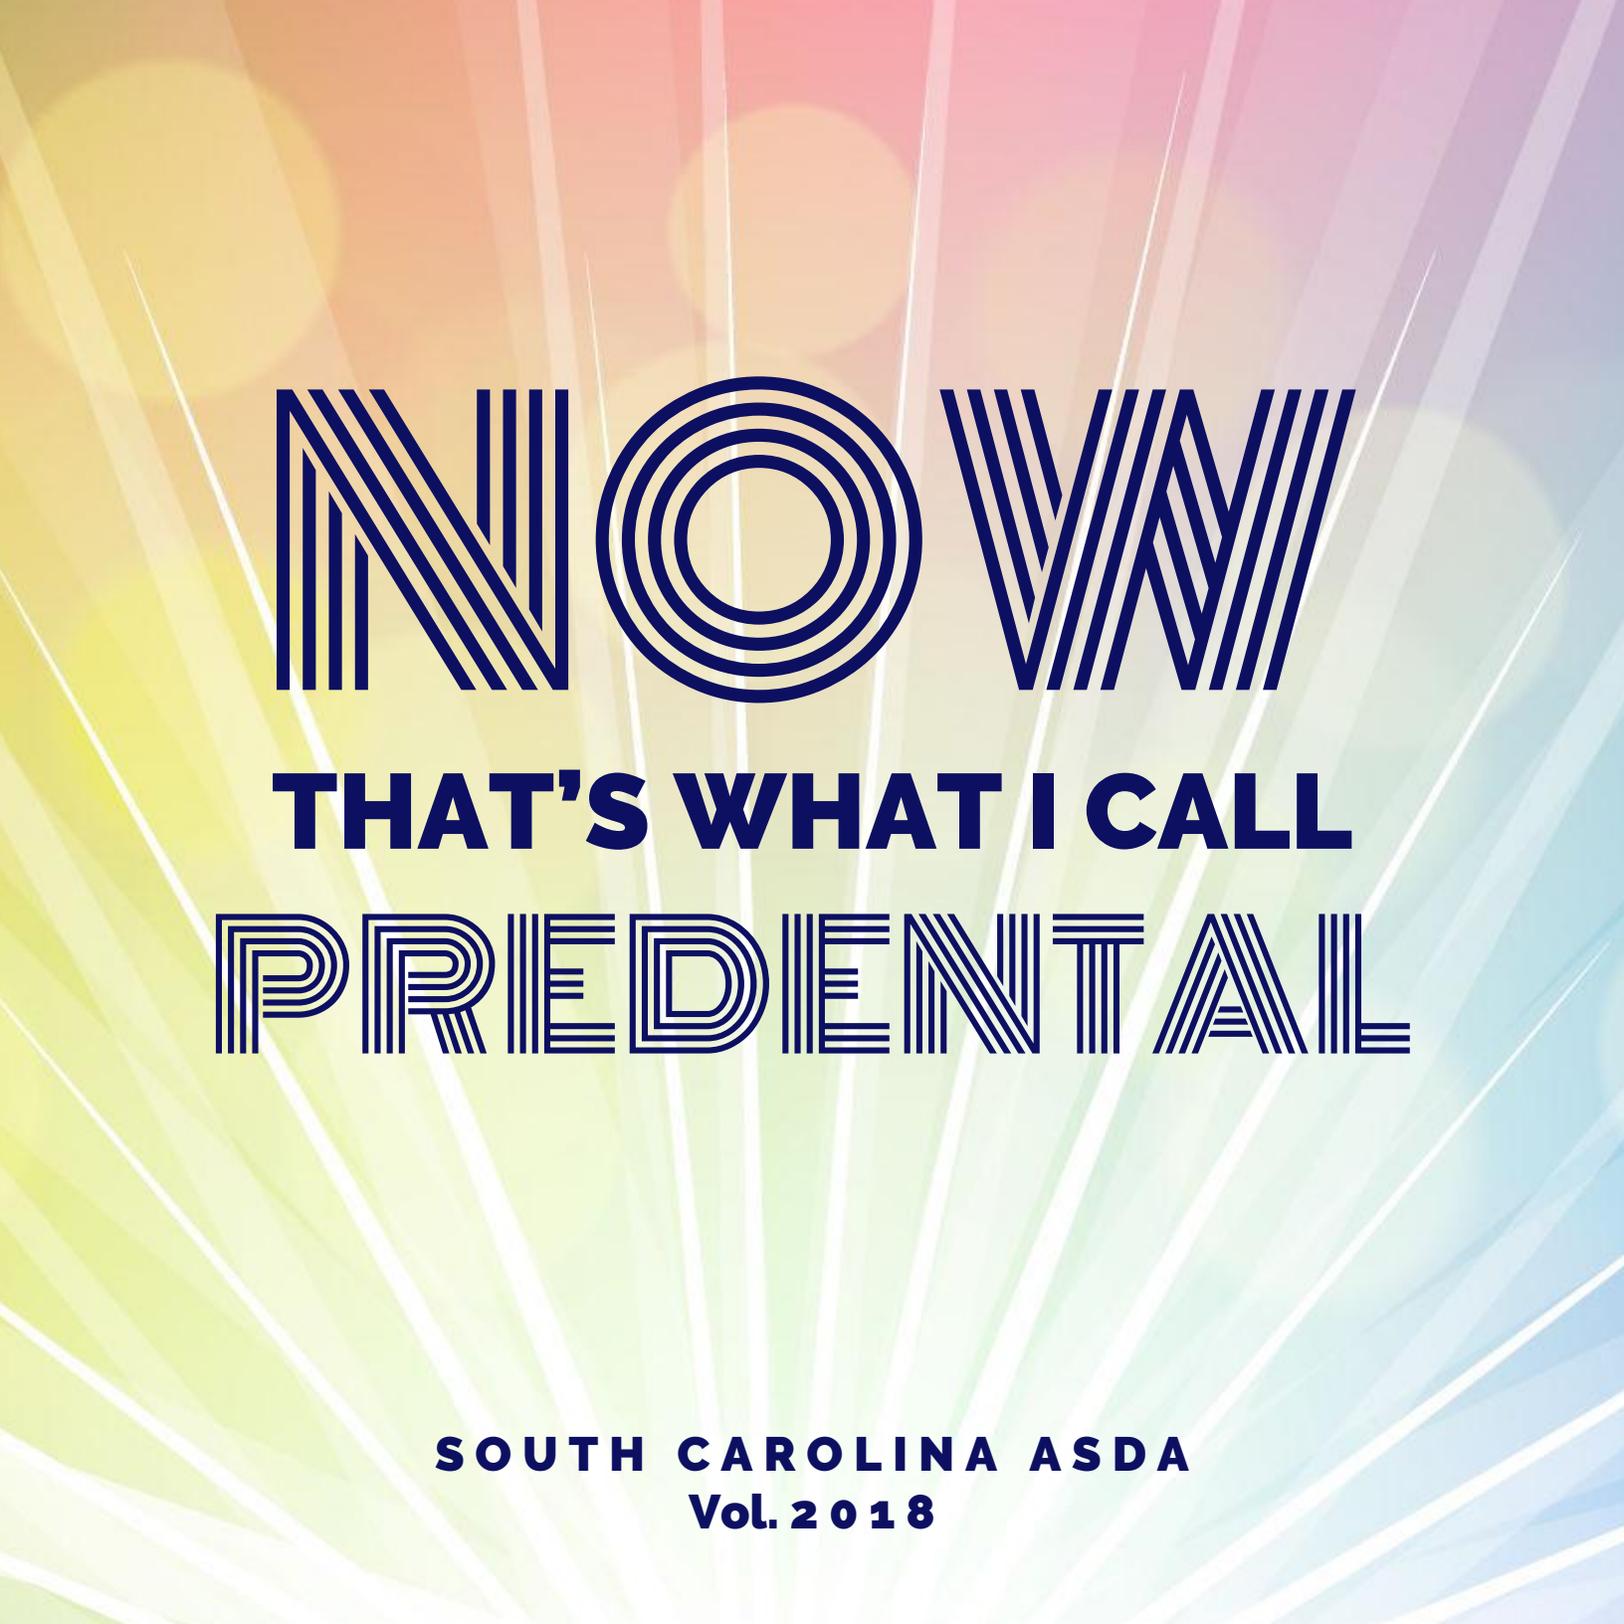

"The first annual Wellness Month .5K was the crowning achievement of our Wellness Week! Faculty, residents and dental students met outside the dental clinic building for a lighthearted (and healthy-for-your-heart!) run / jog / walk around the block.

Students who participated were rewarded with SC ASDA branded reusable water bottles, combining the physical and environmental dimensions of wellness! We also received wellness branded goodies from national ASDA to distribute that emphasized the #BeWellASDA initiatives."

# PREDENTAL WEBINARS

South Carolina ASDA has moved Predental Day from the fall to the spring! We are anxiously waiting for January 26, 2019, to roll around for this year's Predental Day!

In the meantime, our chapter hosted **2** Predental Webinars in 2018 covering various topics such as "So you think you want to go to Dental School" and "Past the GPA...extracurriculars and stand out applications."

Our webinars this semester had **49 attendees!!!**

So you're thinking about dental school... = musc asda predental webinar! wed, October 24 6pm online at muscasda.com

"We have loved offering Predental Webinars for the first time this year. The feedback we get is incredible! We needed an avenue to make a personal connection with students all over the southeast, and we have found it. It makes your day to watch a crowd come in with a list of questions and leave excited about how they can be a part of this dental world we love so much. Every time we finish one, people ask us when the next one will be. It seems we have found a real niche!"

**- Jansen Nash, Predental Chair**

# PREIDENTAL PRESENTATIONS

"Having an opportunity to hang out with preidental students is one of my favorite things! I always leave so encouraged by the bright and incredible people I meet and refreshed by their enthusiasm for dentistry. Being able to mentor them at my alma mater, Clemson University, makes it even more special. With students like this, the future of this profession is looking more than ideal!

# ADVOCACY WEEK

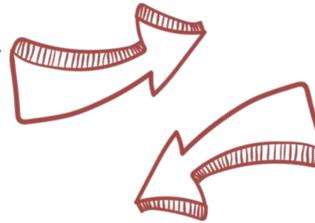

Our Advocacy Week this year included our **first "Red, White, and Brew" ASDA Advocacy Social**, a visit from the Advocacy Molar Bear, an ADPAC / DENPAC drive, and 2 lunch & learns!

"Lobby Day was an incredible opportunity for me to get to see advocacy in action. Sitting down and talking to your own Senator about issues facing your profession made the importance of advocacy personal. I know now to a greater extent the importance of dental advocacy!"  
- Evan Sudduth, Class of 2021

ADA DENTIST AND STUDENT LOBBY DAY

STATE LOBBY DAY

"State Lobby Day started me down a path I didn't even know existed! ASDA's advocacy events have helped me see how valuable - no, how critical - organized dentistry is to our profession. State Lobby Day led to National Lobby Day, and that led right back here to our grassroots efforts in SC. Our ASDA chapter helped open the door in a way that was exciting and inspiring."
