

ASDA Community Outreach Product Request Form

Colgate believes **Everyone Deserves a Future They Can Smile About**. Your community outreach has the potential to improve the oral health of many individuals that is why we reserve oral care products to support your outreach projects.

The projects must be approved by your school and have a faculty contact. Oral health education must be part of the community outreach project for consideration.

To assist with your project, visit our online resources: www.colgateprofessional.com – access to patient education material and www.colgatebsbf.com - Colgate Bright Smiles Bright Futures® website: resources for oral health educators, young children, teachers and parents

To submit a request for consideration, please complete the following form. Submit the form via email attachment to your Academic Relations Manager or becky_horst@colpal.com. Requests must be submitted a **minimum of six (6) weeks** prior to the project. Please allow five (5) business days to receive a response to your request.
